

Route

All footpaths are clearly way marked. The **Green** line is the easiest overland route, although there are stiles which large dogs will need to be lifted over.

On the Hatherleigh side there are 3 routes to or from Arnolds Fishleigh: either by **road**, the **green footpath** or the **red footpath**. The **red path** is slightly more difficult and there are geese in the field at Fishleigh Castle.

On the Iddesleigh side there are two routes to or from Weekmore Cross: by **road** or the **green route** through Parsonage Farm (War Horse Farm Park).
